

New Alert Message at End Transaction

As from 2nd of February 2010, a new alert message at PNR end transaction can be displayed if an itinerary segment is cancelled, resulting in an associated SSR being cancelled. The alert message returned is:

ITINERARY CHANGED – VERIFY SSR DATA

This is an optional edit, which is defaulted to OFF, and is being controlled by a TJR indicator as follows:

Entry to activate feature in the TJR:

W/KALERTSSR‡ON

Response: OK

Entry to check if Alert message for SSR is active:

W/K*TJR«

CC PSGR

MCT SSRCL (indicates Alert message for SSR is active)

END OF EDIT LIST

Entry to deactivate feature in the TJR:

W/KALERTSSR‡OFF
